

EVOLVE
WEAPONS SYSTEMS

EVOLVEWEAPONSSYSTEMS.COM

As firearms enthusiasts, we got tired of seeing the same things over and over so we did something about it. We took it upon ourselves to take the weapons we loved to shoot, and improve them. We evolved. We came up with a cure for the common gun.

Evolve Weapons Systems was founded in 2017 on those basic principals - to provide high quality custom firearms to the shooting public so you can enjoy what we enjoy. We offer a lifetime warranty on every one of our products. If you aren't happy, we aren't happy.

Our mission is simple, offer a weapons system that performs as good as it looks.

- Bolt catch spring
- Buffer retainer
- Buffer retainer spring
- Safety Selector and Detent
- Magazine Release Button, Catch, and Spring
- Take Down Pins and Pivot Pin Detents

E-I5 5.5b AR-15 RECEIVER SET BLACK

Our AR-15 Receiver Set allows you to custom build your next rifle using high quality building blocks. Manufactured in Mckinney, Texas, The upper and lower receiver are inspected, gauged, and measured at every step of the process to ensure proper tolerances and fit. All of our uppers and lowers are manufactured together, with matching serial numbers, so they fit together perfectly. We forge our Receiver sets from 7075-T6 aluminum and then finishes them with a Type III hard coat anodizing.

E-I5 5.5b AR-15 LOWER RECEIVER BLACK

Our AR-15 Lower Receiver is a perfect start to your next custom rifle build. Manufactured in Mckinney, Texas, The lower receiver is inspected, gauged, and measured at every step of the process to ensure proper tolerances and fit. We forge our Lower Receivers from 7075-T6 aluminum and then finishes them with a Type III hard coat anodizing.

FEATURES

- 7075-T6 Upper and Lower
- Multi-Cal Lower
- Type III Hard Coat Anodized
